- 25X1 1. Two rocket projectors have been reported on the Ljubljanski Vrh on heights 813 and 810, 22 kilometers southwest of Ljubljana. Twenty to 25X1 25 projectiles are located nearby in two provisional underground bunkers in a forest on hill 777. The projectiles are caliber 25 to 30 cm., three meters in length, 250 to 300 kilos in weight, and are painted black with four blue longitudinal stripes. No fins were observed. Launchers are iron, painted in colors, 15 meters high, and are camouflaged with foliage.
2. Each installation is manned by one Russian officer and 10 soldiers whose insignia bears the number 78 under a shell with two fins. These men are quartered in Borovnica at the eastern foot of Ljubljanski Vrh. The sites are guarded by Yugoslavs comprising one platoon leader and 15 men, from the III UDB battalion at Kamnik.
3. Two partially installed projectors are located in Slovceva Suma (a forest) about 35 kilometers northwest of Ljubljana.
